Portfolio: yashkachhadiya.github.io/portfolio ▪ **GitHub:** github.com/yashkachhadiya27 ▪ **LinkedIn:** linkedin.com/in/yashkachhadiya

Professional Summary

Results-driven **Full Stack Developer** with hands-on production experience architecting, building, and shipping scalable web applications end-to-end. Proven expertise in crafting responsive frontends with **React.js** and **Next.js**, engineering robust backend services using **NestJS**, **Node.js**, and **TypeScript**, and designing optimized **SQL/NoSQL** database schemas. Adept at owning full-lifecycle feature delivery, RESTful API design, and headless CMS integrations.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL

Frontend: React.js, Next.js (SSR/SSG), Tailwind CSS, Material UI (MUI), Bootstrap, Responsive Web Design

Backend: Node.js, NestJS, Express.js, RESTful APIs, JWT Authentication, Middleware, Object-Oriented Programming (OOP)

Databases & ORM: MySQL, MongoDB, Prisma ORM, Mongoose, Relational & NoSQL Data Modeling

CMS & Tools: Strapi CMS, Headless WordPress, Git, GitHub, Postman, VS Code

Professional Experience

Advergrow Solution **Full-Time**

Full Stack Developer *2025 – Present*

- Engineered and maintained production-grade full-stack web applications using **React.js, Next.js, NestJS, Node.js, and TypeScript**, ensuring modular, type-safe architecture across frontend and backend layers.
- Architected and deployed scalable **RESTful APIs** with **NestJS** and **Express.js**, implementing secure authentication workflows, request validation middleware, and core business logic.
- Modeled and managed high-reliability relational and NoSQL databases using **Prisma ORM with MySQL** and **Mongoose with MongoDB**, optimizing schema design and query performance.
- Built mobile-first, cross-browser user interfaces utilizing **Tailwind CSS, Material UI (MUI), and Bootstrap**, elevating user experience and component reusability.
- Integrated decoupled **Headless CMS platforms (Strapi CMS & Headless WordPress)**, empowering editorial teams with flexible, real-time content publishing capabilities.

Advergrow Solution **Internship**

Web Development Intern *6 Months*

- Developed interactive frontend components using **React.js** and engineered backend **REST APIs** with **Node.js, Express.js, and Mongoose**, conducting comprehensive endpoint testing via **Postman**.
- Delivered responsive, accessible UI layouts using **Bootstrap and MUI** while configuring and managing dynamic content structures within **Strapi CMS**.

Projects

Full-Stack Web Platform **React.js, Node.js, Express.js, MongoDB, Mongoose**

Hoarding Buddies *GitHub: hording-buddies*

- Built an end-to-end platform featuring secure user authentication, item lifecycle management, and real-time dynamic data rendering for an interactive user experience.
- Designed modular **RESTful APIs** and **Mongoose schemas** to support high-speed CRUD operations, filtering, and seamless client-server state synchronization.

Enterprise Inventory Platform **React.js, Node.js, Express.js, MongoDB, REST APIs**

Asset Management System *GitHub: Asset-Management-System*

- Engineered a full-stack asset tracking and inventory management system featuring role-based authentication, real-time stock monitoring, and user administration.
- Crafted a responsive, mobile-friendly **React.js** dashboard integrated with a scalable **Node.js/Express.js** backend to streamline organizational asset auditing.

Education

Government Engineering College **Gandhinagar (GTU)**

Bachelor of Engineering in Computer Engineering, CGPA: 8.12/10 *Sept 2022 – May 2026*

Alpha Vidhya Sankul **Junagadh**

Higher Secondary Certificate (Class XII – Science, NCERT), Score: 80.33% *Apr 2021 – Mar 2022*

Alpha Vidhya Sankul **Mendarda**

Secondary School Certificate (Class X), Score: 82.83% *Apr 2019 – Mar 2020*
